ACTIVITIES
PRODUCT DISPLAYS

Skipper Transport Parts branches have been tasked with the challenge to compete for the title 'Best Product Display'. We have received some out of the box entries showcasing the power of creative product merchandising. We hope this will inspire other dealers to get creative and have some fun when it comes to promoting Meritor products in their showrooms.
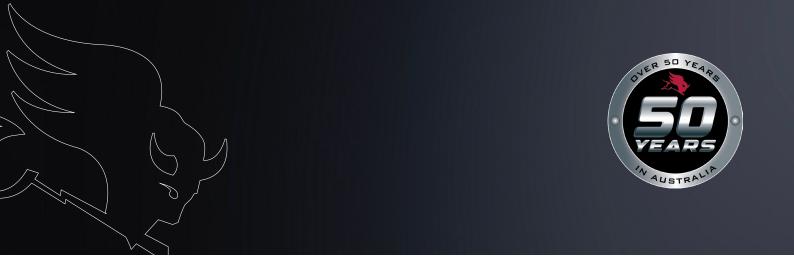

ACTIVITIES
MERITOR REWARDS

PACCAR and Meritor Australia have collaborated to promote an annual incentive with a network of participating dealers. With a combination of minor prizes and the ultimate major prize which was an Australian Open experience including return flights, tickets to the mens and womens finals, 5 star accommodation and a prestigious winery experience with helicopter transport to and from the Yarra Valley. Unfortunately, this star studded experience came to a halt with the uncertainties around travel and Covid restrictions. Collectively the winning dealers all opted for the alternative prize which was $6,000 to spend on tools at Total Tools (AU) or The Tool Shed (NZ). Congratulations to all the dealers who participated and the winning dealers for their oustanding achievements.

NEW PRODUCTS
SHOCK ABSORBERS RELAUNCHED

We are thrilled to announce the relaunch of our heavy duty shock absorber range made to suit Truck and Trailer applications. The new shock absorbers are now branded Meritor instead of Meritor Allfit and feature a number of design improvements including deflective disc technology to improve performance and durability. Another quality approved product you can depend on from a trusted global supplier.

PROCEDURE UPDATES
CORE DESTRUCTION AUTHORISATION

Meritor has made updates to the Core Destruction Authorisation which is now available on the Meritor Parts Online website. OEM selling dealers will be required to conform to the process outlined below. OEM selling dealers will no longer be required to return cores to Meritor and have permission to retain the scrap value.
