27<sup>th</sup> October 2022

**Attn: All Customers & Suppliers to Meritor Heavy Vehicle Systems Australia Ltd.**

Dear Valued Customers and Suppliers,

Back on August 3 2022, Cummins, a global power leader with a broad range of advanced diesel, natural gas, hybrid, electric and hydrogen fuel cell products, closed on its acquisition of Meritor, a leading global supplier of drivetrain, mobility, braking, aftermarket and electric powertrain solutions for commercial vehicle and industrial segments.

Since this announcement, we here in Meritor Australia, understandably, have received a number of inquiries from customers and suppliers how this may affect the way we operate and continue to interact, so please let us address these points:

1. Under this acquisition, Meritor now operates as Cummins-Meritor within the Cummins Inc. group, and becomes increasingly referred as Cummins-Meritor.
2. As Cummins-Meritor here in Australia, we continue to operate as the legal trading entity of Meritor Heavy Vehicle Systems Australia Ltd., registered office at 70-76 Berkshire Road, Sunshine North, ABN 86 004 479 430. This remains unchanged.
3. For group branding purposes, we are already rolling out and migrating to a new Cummins-Meritor logo (noted hereon) which you shall start to see in letterheads, orders, invoices etc.. This is branding only, and again not affects any trading arrangements.
4. Invoicing, billing, terms, banking details remain unchanged as Meritor Heavy Vehicle Systems Ltd.
5. All trading and partnership agreements remain unchanged and separate from any Cummins business units.
6. All current point of contacts remain the same as we continue to deliver the high-quality service and solutions you expect from us.

We appreciate that you would circulate this communication to all relevant persons within your organisation. If you require further information, please contact your regular Cummins-Meritor Australia contact.

Yours sincerely,

David Cole  
**Managing Director**
