## News Around the Meritor World

### Meritor 17X Axles on Iveco Buses

### Customers Benefit from New Meritor Bus Axle

Development of 17X axles for a western European line of Euro VI coaches from Iveco Bus is delivering multiple benefits to the customer.

The launch, which includes a part number consolidation that increases product profitability and satisfies key customer requirements, including:

- Enhanced durability, reliability and performance
- Reduced maintenance and warranty costs
- Quieter ride with reduced noise levels over the previous product range, which boosts the customer's competitive position
- Lower ownership costs for long-range tourism models
