PRODUCT IN FOCUS - BRAKE ROTORS

TECHNICAL ADVANTAGE

Manufactured from premium grade materials using state of the art casting and machining facilities to meet Meritor's exacting quality and engineering standards.

FEATURES & BENEFITS

- Consistent and optimal brake performance
- Reduced levels of pad and disc wear
- Manufactured to the highest standards
- Comprehensive range
- Lower operating costs
- Supported by one year aftermarket warranty

ECE R90 CERTIFICATION

Meritor is pleased to announce the ECE R90 Certification of its Brake Discs and Rotors.

Quality is always at the forefront of Meritor's philosophy. We voluntarily submitted our Meritor Disc and Rotors for ECE R90 certification, according to the VCA (Vehicle Certification Agency) and ECE R90 requirements.

We are proud to announce that one of our product families has passed all the required tests. Each Disc was tested and met the following VCA requirements:

- Geometric
- Material specifications
- Wear condition
- Thermal fatigue
- Service brake vehicle performance test
- Comparison test with dynamic frictional properties of the original part
- High load and thermal fatigue integrity tests

The parts have similar performance characteristics as original equipment parts. Other Meritor brake disc families are currently undergoing R90 tests and are showing excellent results so far.

We will continue our development work to increase consumer confidence in our parts and to continue to meet the high standards of R90 testing.

Special Notice - MERITOR BLACK

MERITOR BLACK BRAKE SHOE & HARDWARE KITS TRUCK / TRAILER & BUS

For over 100 years Meritor has been the leader in truck axle and brake technology. Meritor axles and brakes are the first fit of choice across the globe for many of the world's leading truck brands.

Our comprehensive range of brake shoe kits ensures we have a brake shoe kit to fit your application whether it's truck, trailer or fleet. While the Euclid brand has been a member of our brake shoe kit family for a long time, as part of our exciting rebranding strategy and following the successful introduction of the Meritor Genuine branding for our KSMA range, we have decided to bring the Euclid Brake Shoe kit branding closer to home. From July 1 2018 our Euclid Brake Shoe Kits will be now be sold as Meritor Black.

We have taken this decision because we believe it will give customers fitting our Meritor Black Brake Shoe kits the confidence of knowing they have a product 100% backed by a recognised global brake leader and one that has been specifically designed, to provide them with the safety, performance and durability they expect from the Meritor brand at a price that will keep them in the black.

Run With The Best. Run With The BLACK Bull.

Euclid Brake Shoe Kits are now boxed as Meritor Black. Same great product - new box. Just look for the black bull.

EMPLOYEE PROFILE - Wanderleia Silva Role at Meritor: Customer Service

Year Joined: 2013 in Brazil, 2018 in Australia

What is your background?

My background is in Supply Chain. I previously worked for Meritor Brazil as the International Material Planning Analyst. I also had the opportunity to work as Demand Planner, in Troy/US for 3 months.

Tell us a little bit about your main job responsibilities.

As Material Planner I was responsible for developing and managing planning procedures, logistics and material control activities to support the business plan. Preparing detailed weekly schedules (EDI/ VRSS) to be sent to suppliers. Ensuring purchase orders and shipping information was accurately maintained. Taking action with regards to materials shortages and overdue orders. Reviewing and managing inventory requirements in order to identify inventory reduction opportunities. Oracle/ ASCP (Advanced Supply Chain Planning) system expert responsible for training new and existing employees.

What do you enjoy most about your role?

I enjoy the variety and challenge each day brings and the opening to keep learning from daily challenges. These challenges gave me the opportunity to be part of projects, where we could improve systems, tools, procedures and reports within the Supply Chain Team. Being part of these projects I had the chance to learn more about Meritor globally.

What is your biggest challenge in your new role as CUSTOMER SERVICE SPECIALIST?

Learning new systems and processes and gaining enough knowledge to ensure customer requirements are met and exceed their expectations wherever possible.

What are your interests outside work?

Spending time with family and friends, movies & music, going to church, travelling, reading and outdoor activities.
