EMPLOYEE PROFILE

INTRODUCING OUR NEW TRAILER SPECIALIST

Introducing Michael Nicholls or more commonly known as Mick, who has been appointed as our OEM Trailer Technical Sales Specialist for Meritor Australia.

Mick comes to us with over 40 years of strong industry experience which all started from humble beginnings working in Spare Parts for Freighter Trailers in the late 1970's. During this transition Mick decided it was time for a career change and left the company to become a Sales Representative for Colrain which he was a part of for 25 years, from here Mick then played a major role in the selling of ROR trailer products, where he specialised in sales and marketing of axles and suspensions for the Semi-Trailer market.

Backed with all the experience and knowledge from years of working for leading companies in the industry, Mick wanted to change things up and give business a try with his wife and son in which they opened their own store selling Spare Parts & Equipment over 4 years.

Moving on from his business and taking this experience with him, Mick took on the new position as Business Development Manager for HVE (Heavy Vehicle Equipment and Parts) wholesale division for Southern Cross Transport Equipment Group.

This opportunity opened the doors to the rest of the world and involved regular travelling overseas over the 10 years in which the role entailed sourcing new products and manufacturers. Some of the countries he has had the privilege of visiting are Turkey, United Kingdom (Ireland & England), China and Germany. Unfortunately, after the MH380 went missing Mick contemplated his career decisions to travel and wanted to value working closer to home. After semi retiring from HVE, Mick was working as a part time subcontractor to SCTEG before starting in his role now with Meritor on a Part Time basis.

In Mick's spare time he spends it with his wife, enjoys learning and appreciating history, going on road trips to the countryside, antique shopping and doing things around the home.

It is fair to say Mick is a character with noble traits, an array of wisdom, enjoys a good chat and is always finding ways to keep himself busy.
