## SPECIAL NOTICE CELEBRATING SUCCESS

Please join us in congratulating Damian Del Medico for 10 years with Meritor and his official appointment as our Human Resources & EHS Leader.

Prior to this Damian has played an integral role as the EHS Leader for Meritor Australia since his employment with us in Dec 2010. During this time Damian has been a driving force towards creating programs which establish Environmental Health & Safety (EHS) ownership throughout all departments with a key focus on pro-actively identifying and reporting hazards, ensuring collaboration with the departmental teams to achieve successful remediation of those hazards. As a result of this initiative Meritor Australia was recognised nationally and was the winner of the Health & Safety Committee of the Year Category in the 2011 WorkSafe Victoria Awards. In 2019 Meritor Australia also received the Meritor Global Chief Safety Officer Award recognising Successful & Sustained EHS Performance over 10 years, highlighting some of the significant milestones achieved under Damian's leadership.

Continuing to support the business from an EHS perspective Damian will now carry his expertise into the HR role with a key focus on the people of Meritor Australia. Damian looks forward to the continuing efforts towards creating a great work place which encourages diversity and inclusiveness. What's more, his aim is to create a culture of highly engaged and results driven teams that are recognised for their ongoing successes within the business in achieving Meritor Australia's M2022+ goals.

Outside the professional scene Damian enjoys fishing and spending time with his wife and two young kids. Their favourite family activities are traveling or visiting the beach. On behalf of the entire Meritor team we wish Damian the best of luck in his new role.
