## SPECIAL NOTICE

### INTERNATIONAL WOMEN'S DAY

In honour of International Women's Day, Meritor Australia was delighted to invite the women of our workforce to a Friday Luncheon in celebration of their efforts that are a vital part of our ongoing operations. At Meritor we are driven towards continually improving equality of our workforce. International Women's Day is a global day celebrating the social, economic, cultural, and political achievements of women around the world.

As a result of the ongoing efforts supported by the wider business and facilitated through the key initiatives set out by our Managing Director, David Cole and Human Resources Leader, Damian Del Medico; in the past year alone we have seen substantial changes being introduced that provide encouragement towards women taking on roles which not only challenge their capabilities but help them with exceeding their career goals. As part of these efforts, it has been a pleasure welcoming two females into our production team at both the Sunshine & Derrimut facilities.
