## MeritorPartsXpress Enhancements

At **Cummins-Meritor**, we are always looking for ways to enhance [MeritorPartsXpress.com](https://MeritorPartsXpress.com). This month's newsletter highlights new functionality with the introduction of **Quick View**, and two notable additions of site content. This includes *new suspension models* available within our [Xact Search](#) and *new exploded views* within [Visual Search](#).

### Quick View:

- Site viewers can now easily access part number details within the Visual Product Tool table format.
- While performing a Product Search, look for the  Visual Product Tool (VPT) symbol.
- Use the images with key measurements information to drill down to the VPT table.
- While viewing the VPT table, mouse over the part number and notice the  button.
- Upon selection of the  button, our new part number widget will appear with detailed information.

### Details Include:

- Part Number

- Product Description
- Stock visibility with Xpress Inventory messages.
  - "Want it by..." and/or "Get it by..."
- Price (based on permission settings)
  - Registered users, with ordering permission, can **Add to Cart**.
