Product Comparisons On-the-Go

Whether you are comparison shopping or just want to see a side-by-side view of different part specifications, **MeritorPartsXpress** makes it easy to compare product information. Once you get to the search results page from either the Catalog Search or by using the search bar in the top menu, you can select up to 4 products to compare. Under the product image, you will find a selection box for the Compare feature. For some products, you can also select bill of materials (BOM) Compare.
